STOP

OIL

LEAKS

THIS IS WHY LIQUID INTELLIGENCE 230 CAN EVEN FIX BADLY LEAKING SEALS.

Even badly leaking seals, normally only have a slight amount of deterioration or damage on them and don't always need replacing...The Liquid Intelligence 230 Stop Leak Seal Expander formulation contains a unique combination of ester and phenol additives... These additive work by restoring some of the seals volume, elasticity and compression characteristics. Therefore returning substantial amounts of the seals original structural integrity, and preventing further leaks for years. Liquid Intelligence products are the BEST OF THE BEST. They have the highest degree of efficiency, activity and functionality, compared to any similar retail grade product.

You can call Peter for a chat about product and application information or simply to purchase Liquid Intelligence 7am to 7pm seven days a week

Bio-Boost delivers systemic NPK & Trace Elements economically!

Bio-Boost Cal/Mag is specially formulated for low Calcium/Magnesium soils to increase leaf size and productivity. Using a highly soluble source of calcium like Cal/Mag 5:1 can quickly remove harmful sodium salts from the root zone, establish valuable calcium, magnesium and nitrogen levels, provide proper nutrition for rapid recovery and vegetative regrowth. *An excellent natural agent for fast pasture recovery.*

Bio-Boost NPK Foliage Spray is high in energy, with premium levels of Phosphorous, Nitrogen, Potassium and trace elements for good pasture or crop nutrition. Within seconds of application the spray starts to work systemically, helping to correct deficiencies and improve the health of pasture. *Reduces the need for supplements, helps with weight gain and productivity.* **Bio-Boost NPK Foliage Spray** travels right to the roots to compensate soil 'lock-up' and deficiencies in pasture and crops.
