# DunnyDoo

## Keep your septic bacteria happy with 'Noflex Digestor' probiotic

Septic fights a war on all fronts. From the kitchen, laundry, shower and toilet, we all know the sorts of matter septic has to render harmless. But even the strongest troops need supplies to keep running, and you'll certainly smell it when the septic loses that war.

But you don't need to break the bank to feed the troops. All you need is a pot of Noflex every now and again. One pot is \$40 dollars, and has 17 doses of 2 tablespoons. Only \$2.35 a week to keep the septic fighting the good fight!

**THIS IS WHY LIQUID INTELLIGENCE 230 CAN EVEN FIX BADLY LEAKING SEALS.**

Even badly leaking seals, normally only have a slight amount of deterioration or damage on them and don't always need replacing...The Liquid Intelligence 230 Stop Leak Seal Expander formulation contains a unique combination of ester and phenol additives... These additive work by restoring some of the seals volume, elasticity and compression characteristics. Therefore returning substantial amounts of the seals original structural integrity, and preventing further leaks for years. Liquid Intelligence products are the BEST OF THE BEST. They have the highest degree of efficiency, activity and functionality, compared to any similar retail grade product.

You can call Peter for a chat about product and application information or simply to purchase Liquid Intelligence 7am to 7pm seven days a week
